## HOW TO USE THE PLAN

Follow each of the steps below to determine whether your activity requires resource consent approval or not.

- (a) Refer to the planning maps to **check** which zone the site(s) is/are in. The zones are:
  - Rural Environment
  - Rural Industrial
  - Urban Residential
  - Urban Commercial
  - Urban Industrial
- (b) **Check** the relevant zone rules in Part A - Zoning, which applies to your site.
- (c) **Check** for other rules contained within Part B - District Provisions, which may apply to your site;
  - Water Margins
  - Financial Contributions
  - Subdivision & Development
  - Natural Hazards
  - Hazardous Substances & Waste Management
  - Heritage
  - Natural Environment
  - Surface of Rivers & Lakes
  - Transport
  - Utilities & Designations
- (d) **Check** the definitions within the Plan.
- (e) Apply for any required resource consents [resource consent may be non-notified or notified.]

[Note: Also check with the Wellington Regional Council as to whether a consent may be required for example; for discharges to water and/or air emissions.]

At this stage it is advisable to contact staff at Carterton District Council who will be able to assist in telling you whether a consent is required and discuss any information requirements.
